

January 9, 2010

Dear Friend:

I am writing to you on behalf of the TECH CORPS Ohio/NSBE Jr. Chapter, a program that introduces high school students to science, technology, engineering and math education and career pathways. The goal of the Chapter is to support and encourage students to attend college and pursue technical degrees.

The TCOH/NSBE Jr. Chapter students meet monthly throughout the school year. They attend the Columbus State Community College Integrated Systems Technology lab every first Saturday of the month. The students gain valuable exposure to STEM fields by participating in four technical laboratory experiments: AC/DC electrical lab; Intro to Mechanical lab; Sensors; and Hydraulics. Also, the students participate in Math ACT Review sessions every third Saturday of the month at the TECH CORPS Ohio lab. The ACT sessions help to supplement many of the topics and concepts they have learned in school.

The TCOH/NSBE Jr. Chapter hopes to attend the NSBE National Convention in March, 2010 in Toronto, Canada. While there they will participate in informative and engaging workshops, receive college information and be exposed to professionals and other students with a similar passion for learning. This opportunity could result in relationships with future employers and mentors.

The Chapter is working hard to raise \$5,000.00 to support their travel, hotel accommodations, food and registration. A gospel concert featuring HIS IMAGE MINISTRY has been scheduled to assist with raising funds. The concert will be held Sunday, February 21, 2010 from 4:00pm - 6:00pm at the St. Paul A.M.E. Church located at 639 East Long Street, Columbus, OH 43215. The concert will be FREE and open to the public; however we are soliciting Benefactors and Patrons and we hope that we can count on your support.

For more information about the concert or if you have questions about sponsorship please contact Nikki Jenkins at 614-583-9211 or [Nikki@techcorpsohio.org](mailto:Nikki@techcorpsohio.org) or Rodney Williams at [rodney.l.williams@gmail.com](mailto:rodney.l.williams@gmail.com).

Thank you for your support!

Nikki Jenkins, Assistant Director  
TECH CORPS Ohio

Rodney Williams, PCI Chair  
NSBE, Central Ohio Alumni Extension
